

EZ-Clean Pouch Ostomy Support Belt

This proprietary Support Belt was designed by Schena Ostomy Technologies and manufacturing engineered by Nu-Hope Laboratories for use with the patented EZ-Clean Pouch. The support ring has an opening at the top that allows the belt to be slipped on to the wafer from the bottom and it has a special hook & loop support strap that secures the top of the pouch. Designed to accommodate the water feed inlet of the EZ-Clean Pouch, the 6 inch wide belt is mesh for cool comfort and support. Available is size: small, medium, large and extra-large. This support belt can be ordered from the catalog on our web site: www.ostomyezclean.com. For additional information please contact: Schena Ostomy Technologies, 2313 Harrier Run, Naples, Florida 34105, Tel: 239 263-9957, Email: kenschena@ostomyezclean.com
