

Dear Ken Schena,

I want to thank you for sharing the miracle of your EZ-CLEAN ostomy pouch. When this Colon problem happened to me, I did not think I could handle the problem situation. Prior to being introduced to your pouch, I was spending most of each day cleaning and changing pouches because I could not stand the idea of anything being in that bag waiting for me. I never felt really clean using the old style pouches for the first 6 months after my Colostomy surgery. I have been using your integrated maintenance system for the past month and I want you to know that you have given me a new life. your system makes pouch cleaning

"...The Lord has blessed me
because of you." and the information
GENESIS 30:27 NIV brochure you

created made my adjustment back to normal living a reality. I am truly thankful the good Lord sent you and your wonderful wife Virginia to me.

...and I just want to

thank you today!

Your invention has changed my life. Thank you for sharing your gifts.
