

Dear Ken, (my hero)

This is just a short
note that I've been
meaning to write for so long
but always too busy to
sit for long.

I never thought I
would get used to this
surgery but you changed
my life to be able to

For sending you to me.
Iems like you do all
the giving + I do all the
taking. I only wish I could
do something good for you.
You are a special friend
and I love you for
being so special to me.

Love
Quinn

Tender Thoughts
