

Merry
Christmas

Dear Ken,

Sam and I want to thank you for spending time with us prior to my ileostomy surgery. How fortunate we felt to meet you in the Summit parking lot as you were delivering supplies. We remain forever grateful for the valuable information you shared with us.

Using the EZ Clear Ostomy Pouch is such a sanitary method of draining and cleaning. What a difference from the pouches used by the hospital! You have certainly improved the lives of "ostomy individuals" and I want to thank you for that.

Sincerely,
Shirley Law
